DAY 7 | SANTORINI After breakfast, your day begins with a half day tour to Akrotiri. In Akrotiri, excavations starting in 1967 at the site called Akrotiri ("Upper Thira") under the late Professor Spyridon Marinatos have made Thera the best-known "Minoan" site outside of Crete, the homeland of the culture. The island was not called Thera at the time. Only the southern tip of a large town has been uncovered, yet it has revealed complexes of multi-level buildings, streets and squares, with remains of walls standing as high as 8 meters, all entombed in the solidified ash of the famous eruption of Thera. The site was not a palace-complex such as are found in Crete, but its excellent masonry and fine wall-paintings show that this was certainly no conglomeration of merchants'

warehousing either. A loom-workshop suggests organized textile weaving for export. This Bronze Age civilization thrived between 3000 to 2000 BC, and reached its peak in the period 2000 to 1580 BC. After your tour, you will visit the Koutsoyannopoulos Wine Museum. Being the only one of its kind in Greece, the Koutsoyannopoulos Wine Museum occupies a natural cave. It is eight meters below ground, 300 meters long and has a labyrinth-like shape. The Koutsoyannopoulos Wine Museum presents the history of wine and the life of vine-growers in Santorini since the 1600s. You will have the opportunity to see representations of the history of wine and to taste four of the best wines that the winery produces today, in a specially designed wine-tasting area. Lunch will follow at Feggera restaurant or at the winery in Megalochori. In the afternoon you will visit "Oia", the traditional settlement in the north of Santorini. The village is approximately 150 meters above sea level. Oia was severely damaged in the 1956 earthquake and much work has been involved to implement its restoration. Dinner in the old town of Oia. Overnight in Santorini. (B,L,D)

DAY 8 | SANTORINI After breakfast, visit the Monastery of Profitis Ilias which is at the highest point on Santorini. From here you can see the surrounding islands and, on a clear day, the mountains of Crete. The tour ends with a unique cooking lesson and lunch at Selene restaurant. We welcome you at Selene Restaurant with fresh juice, coffee and traditional Greek cookies. Receive an introductory lecture to the cuisine of the Cycladic Islands and particularly of Santorini, as well as, to the unique local products of our island. In the afternoon we'll visit the Art Space Winery, a caved-in old winery that holds the exhibitions of approximately 200 top Greek and foreign artists. In this old winery, dating back to 1861, representative works of art from the sphere of painting and sculpture are on display and visitors have the opportunity to learn about the winemaking tradition in its modern winery. Farewell dinner at the private area of Vinsanto Restaurant. (B,L,D)
